

Dear Neighbors,

In honor of our nation's highest office, the United States Mint has begun to issue dollar circulating coins for each U.S. President in order of service. Please accept as IconBank's gift to you this complimentary Presidential Dollars Collector's Album. We have started your collection with Presidents Washington, Adams and Jefferson, the first three Presidential coins issued for 2007.

Visit us downstairs at our Sam Houston Banking Center to open an Icon Savings Account and/or Icon Free Checking Account, and we will continue to fill your Presidential Dollars Collector's Album at no charge starting with the President Madison coin, which debuts November 15.

We at IconBank hope you will find collecting coins an enjoyable way to get a glimpse of our nation's history and a pastime that will increase in value over the years.

Sincerely,
