

*The best vacation  
is the one with  
time and space  
to call your own.*

Many believe that when it comes to luxury, there's no such thing as too much.

At JW Marriott Las Vegas Resort & Spa,  
we define luxury not as having more, but as having what's perfect.  
Perfect because it's a serene escape from neon lights, not far from their alluring glow.

We eliminate distractions so the exceptional can emerge.  
Whether teeing off within the towering palms or lounging amongst them,  
we'll ensure nothing comes between you and what you seek –  
whether it's clarity, wellness or a hole in one.

Your only obstacle is the one you'll find on the course.

Be free from distractions, not away from the excitement.
