Now Available:

Small Batch Signature Sauces & Seasonings for Retail

Cajun & Creole Seasoning: *So foundational to our cuisine and recipes, we knew you'd want to have it too.* This special blend of herbs and spices is the key ingredient in our Cajun Jambalaya and Seafood Gumbo, giving your retail customers the ability to replicate at home the flavor profile they know and love from Zydeco Bistro and The Bourbon Street Barrel Room.

Seasoned Corn Flour (coming soon): *A unique blend of corn flour and seasonings that fries just right.* We use it for all our pan frying and deep frying, as well as our Hush Puppy and Savory Cornbread recipes. Though not yet available for retail, please let us know of your interest--popular demand helps us gauge the rollout of this and other delicious products.

Johnny's Mojo Hot Sauce: With almost 30 years of cooking and serving his loyal following of patrons, Chef Johnny can tell you that most guests ask for a generous shot of hot sauce before they dig in. But not just any old sauce—it needs to be flavorful, with just the right amount of heat, so as not to overwhelm the flavors of the dish. Our Mojo Hot Sauce is an integral part of most of our recipes, including our famous Frog Sauce.

Frog Sauce (coming soon): *Our own robust version of a buffalo sauce--the perfect finish for fried frog legs and chicken wings, but oh, so much more.* Created by Chef Johnny while serving up his cuisine at Ohio's Hoppin' Frog Brewery, this versatile sauce also tops our popular Hot Rock Shrimp dish.

Zydeco Bistro Sauce: *The special sauce that people ask for by name.* From po-boys to poultry, fish to shellfish, hush puppies to hamburgers and fries, there's practically nothing on our menu that our patrons haven't asked for topped with this zingy, flavorful condiment. Inspired by the traditional remoulade sauces of New Orleans fame, Zydeco Bistro Sauce is our own specially created recipe that offers the Yin and Yang flavors. Perfect consistency for multiple uses on our menus at Zydeco and Bourbon Street. Heck, the Zydeco food truck is basically named in honor of this addictive sauce!
