FOR IMMEDIATE RELEASE

April 19, 2018

### **ULTRATAPE SHOWCASES CLEANROOM AEROSPACE TAPES AND LABELS AT THE I-90 AEROSPACE CORRIDOR CONFERENCE & EXPO**

April 20, 2018, Wilsonville, OR - UltraTape, a division of Delphon and leading manufacturer of cleanroom tape, custom labels and graphic overlay products will showcase its Aerospace products at the upcoming I-90 Aerospace Corridor Conference & Expo in Spokane, WA April 25-26.

This event is designed specifically for aerospace manufacturers seeking to expand their industry knowledge about the latest trends, challenges and forecasts. It also gives them the opportunity to work with peers, prospective customers and vendors from the region's supply chain.

UltraTape manufactures several specialized cleanroom tape and label products that are designed for applications that include exposure to the extreme environmental conditions associated with the Aerospace industry. The company's tapes and labels are ideal for tool masking, vacuum sealing, airframe construction, painting and stripping, electrical insulation, surface protection and wire wrapping. They can withstand extreme temperatures and harsh chemicals and are qualified by the United Launch Alliance and are Boeing-Airbus Listed.

#### **Background:**

~ MORE ~

UltraTape, a division of Delphon, manufactures high quality cleanroom tape, labels and graphic overlays for critical environments. The ISO certified company maintains a cleanroom manufacturing facility to assure particle-free and residue-free products that meet even the most stringent standards. UltraTape specializes in material development in order to customize products to meet customer specifications.
